Four suggestions for following the paths, bridleways and quiet lanes within the Parish boundaries. All are circular, starting and finishing in the Village, and all incorporate a stretch of the Southwest Coastal Footpath along the cliff edges, with terrific views of the sea and wildlife.

Walks 3, 4 & 5 follow lanes and footpaths down to the beach at Wonwell on the River Erme which is regarded as one of the most beautiful places in Britain. From the beach, follow the Coast Path to Fernycombe Point. Here Walk 3 heads inland and follows a permissive path on National Trust land back to the Village via Scobbiscombe farm.

Walk 6 follows this last route in reverse from the Village to Fernycombe Point, where it joins Walks 4 & 5, continuing along the Coast Path via Beacon and Hoist Points which are magnificent viewpoints. There follows a steep descent to Westcombe Beach, a lovely little cove.

Head back inland on another permissive path along steep-sided Wiscombe. Walk 4 now ascends on a bridle path to the left avoiding, after wet weather, mud on Walks 5 & 6. Walk 4 reaches a lane-end, which leads you back to the Village along the ridge top.

Walks 5 & 6 continue along the Wiscombe bridle path past a series of small lakes, eventually reaching the Village from the south side.

For those who wish to visit the Dolphin before or after their walk, parking is available in the pub car park. There is limited parking by the church; otherwise you must park where you can in the Village – please do so with due attention to the needs of residents' access and working agricultural vehicles.
